

# Sample Submission for NMR BACS

Please indicate which spectra you would like to have run, along with the rest of your sample information. Please select from the following:

**1H, 13C, DEPT, COSY, HSQC, HMBC, NOESY**

If you wish to have an experiment run which is not listed (ie. 31P, 19F, D, Selective NOE), fill out a regular sample submission form. If you would like to reduce or increase the number of scans for a particular experiment, please note so. **NEW USERS:** leave your name and e-mail in the “username” box.

Username	Sample Name	Solvent	Sample Weight/ MW	Spectra Requested	Comments/ Additional instructions	Staff Use Only

**Note:** the standard number of scans for a 5mg sample for a 13C is 1024 and for DEPT is 256.
